Plumas Official Killed In Crash Near Mill Town

Slippery Pavement Blamed As Many Vehicles Are Wrecked

One woman was killed and five other persons have been seriously injured in a series of vehicle accidents in this area during the past week, the mishaps being attributed to the icy condition of the roads.

The dead woman was Mrs. Tillie Kruger, 74, of Quincy, superintendent of schools in Plumas County, who died following an accident one mile north of Hobart Mills Monday morning at 7:30 o'clock.

Mrs. Kruger was a passenger in a car driven by Mrs. Garnet N. Nail, 65, also of Quincy, when the vehicle got out of control on a slippery section of road and skidded 150 feet before crashing into a tree. Mrs. Kruger suffered a fractured skull and died just before she reached a Reno hospital where she was taken by the Truckee Ambulance. Mrs. Nail suffered injuries but was not hospitalized. State Patrolman H. B. Fowler made the investigation.

Two were injured Saturday evening on the Kingvale grade when a car driven by Norman Deschenes, 32, manager of Rainbow Tavern, skidded on the ice and went off an embankment, injuring the driver and his wife, Louanne Deschenes, 24. The latter was taken to a Reno hospital for treatment. Patrolman K. C. Kolb investigated.

James Reeser, 21, Applegate, suffered a broken arm and other injuries and the driver of the car, Jack Hilton, 23, Applegate, escaped with minor cuts Friday when the machine skidded on the ice five miles east of Truckee and overturned. Hilton was cited by Patrolman William Gautsche for driving without due caution.

John Albert Ward, 30, Auburn, was seriously injured Thursday when a car driven by John Gordon Mackay Jr., 33, Auburn, skidded on a slight turn one mile west of Donner Summit and overturned. Patrolman M. A. Peterson made the investigation.

Chipmunk Chatterings

This column written and edited by the Senior Class of Meadow Lake Union High School.

Holiday Observed

Armistice Day was observed as a holiday by the high school.

Books Arrive

Chemistry laboratory manuals have finally arrived.

Program for PTA

A speaker from Sacramento and students of the high school put on the program for PTA Friday. Mrs. John Rablin presided at the meeting. Mrs. Elridge of the State Congress of Parents and Teachers from Sacramento spoke on "Parents' Responsibility to the School." Jay Rablin acted as master of ceremonies for the student forum program. Alice Waters spoke on "Education for Leadership"; Joan Owens on "Habits of Study"; Howard Snider on "Equipment for Leadership". Austina Blattler sang 'I'll See You Again".

Student in Sacramento

Nellie Reyes is in Sacramento due to the recent death of her father.

Students Leave

Joy Hodson left here to attend school in Fresno and Leona Phillips left to attend school at Reno.

Scotty Donaldson Badly Hurt In Highway Mishap

TAHOE CITY— Alec "Scotty" Donaldson, resident of the Tahoe Park district, met with bad luck when he and his companion, Pascal Huega of Lake Forest, started off on a duck hunting trip to Smith Valley on Sunday morning early. Nearing the Spooner Summit, about a mile to the north of it at 4 AM, their chain equipped, light truck driven by Donaldson, skidded on the icy highway, turned over twice and plunged down a 30 foot embankment. Huega was unhurt but Donaldson, whose door flew open, received a fractured skull and was taken to Washoe General Hospital in Reno.

Huega walked the highway for two hours in his effort to keep warm before a motorist came along to give them aid and take the injured and thoroughly chilled Donaldson to medical assistance. His many friends wish him speedy recovery.

Harry Englebright Dam Dedication to be Sunday

NEVADA CITY— The California Hydraulic Mining Association, which is sponsoring the dedication of the Harry L. Englebright Dam, has announced the date for the event will be November 17. The dedication will include placing bronze plaque on a boulder at the Yuba Narrows site. Warren T. Hannum, state director of natural resources, will make the dedicatory address.

Congress last year by formal resolution named the dam for the late congressman to whose efforts the successful completion of series of debris dams is attributed.

State Officer Acts To Halt Burglary Of Tahoe Estates

Investigating One Robbery, Discover Another In Crime Wave

AUBURN— The state attorney general's office has stepped in to halt an epidemic of summer home burglaries in the Lake Tahoe area, according to Sheriff E. J. Kenison. Barnett Huse, special investigator, will direct the Tahoe investigations for Attorney General Kenny.

The action was taken upon the request of the Placer county sherin following the refusal of the board of supervisors to act. Kenison told the board that 18 homes so far were known to have been robbed, many swanky residences of Bay area millionaires. Loot has included refrigerators, plumbing, linen, tapestries, rugs, furniture household articles and motor boats.

He added that only one officer, Constable Harry Johanson, is available to cover the 35 miles of lake frontage and the task is too great for one man.

Investigators Busy

TAHOE CITY—As Constable Harry Johanson and Harry Kelly and Thomas Keating, special investigators, were on their way Monday to check on the burglary at the Herbert Day home, on the northwest shores of Tahoe, they ran into a fresh robbery. At the home of Mrs. Dorothy Forbes, Blue Heaven, they found fresh marks in the snow of tire chains in the driveway and investigation showed the house had been entered and robbed. The car tracks came in from the direction of Kings Beach and left toward Tahoe City. Among articles stolen were a refrigerator, rugs, linen and other objects. It was believed by the constable to have been committed either late at night or early in the morning as falling snow had not erased the marks.

Keating left on Monday to make a report in San Francisco, leaving Kelley here to work with the constable.

Numerous summer residents of the area are offering every possible assistance to the constable in any plan he may have to corner the criminals.

Former Truckee Girl Is Mother at Capital City

Mr. and Mrs. Jack D. Fitzgerald of Sacramento are the proud parents of a baby son born Saturday, November 9, at the capital city. The baby weighed 8 pounds and 6 ounces at birth. Mrs. Fitzgerald is the former Miss Elfie Edmunds, daughter of Mr. and Mrs. C. Edmunds of Truckee. The grandparents visited the new come Saturday afternoon and Mrs. Edmunds is remaining in Sacramento for a few days.

Sacramentans Work On Norden Ski Buildings

Members of the Mother Lode chapter of the Sierra Club at Sacramento have organized a work party to put the Clair Tappan Lodge at Norden in shape for use by skiers and snow sports fans this winter. Some of the jobs include ditch digging, carpentry, window washing, painting and cooking.

George Paces Parents Of Son Born Sunday

Mr. and Mrs. George Pace of Sunnyside are receiving congratulations on the birth of their second son on Sunday, November 10. The child was named Paul Stewart. The Paces are well known here, where they lived for a number of years.

Campbell Hot Springs To Have CAA Airstrip

Work has been started on the Campbell Hot Springs Airport in Sierra Valley. The resort's owners are building the airstrip between the hotel building and Sierraville and are meeting CAA specifications. Ex-Captain William Van Deeven is in charge of engineering and William Madsen is superintendent of work on the 300x3000 feet oiled runway.

W. L. Eggleston, president of the corporation which owns the resort, said other improvements at the resort include an ice pond for winter skating.

.: Sun :. Beams

By WALTER M. BARRETT

While the investigation is underway to attempt to bring an end to the violations by passenger bus drivers who are charged with speeding, bad passing, and a score of other discourtesies and law breaking, we would like to suggest that the investigation include drivers of freight trucks. We are thoroughly in accord with the current probe. These bus violations are potential killers, but so are the truck violations. Particularly are they dangerous on our mountain roads where during the winter there is often more ice than pavement on which to drive. It is virtually impossible to pass a long truck on a mountain road in the winter time, especially when the driver refuses to yield and instead of slowing up a trifle, apparently tries to prevent a car from passing. There are few of us who have not been forced off the highway by speeding buses, but there are fewer who have not been compelled to poke along behind a 60-foot truck and trailer, emitting great gusts of black diesel smoke and driving at a speed which makes it dangerous to pass. Usually the buses and trucks slow down when a car comes up behind just long enough to be sure it is not one of the well-marked state patrol cars, then they again step on it and regardless of other traffic attempt to make up for lost time or to meet a schedule which is established by their company. We hope the current investigation will have the desired result.

One of the biggest and least sound arguments against the incorporation of Truckee as a self-governing city is the old bugaboo of taxes. If the opponents of incorporation would only take time out to make even a summary study of taxation they would likely find that through coordination of agencies and the pooling of tax funds there could no doubt be a reduction in the tax rate for Truckee, if we continued to operate along the same lines which we are now following. Taxes are based only on the material wishes of the people. By depriving ourselves of present benefits supported by taxation, we might well cut the rate to a bare minimum and do wthout sanitary facilities, our fire department and a number of other things paid for out of our taxes. Few cities of the sixth class are paying as much in taxes as Truckee, but through a system of collective buying and spending they are able to provide many more advantages than an unincorporated area. Unless a better argument than taxes is presented, we are still in favor of incorporation for Truckee.

Former Tahoe Teacher Now Lives in East U.S.

TAHOE CITY— Friends of Mrs. James Dyer, nee June Scheuremann, who was a teacher at Tahoe Lake School some years ago, will be happy to learn that she now resides in Brooklyn, N. Y. Her husband is east coast paymaster for Pacific Tankers and travels extensively. Often she and her daughter, Dorleen, accompany him and at present they are enjoying exploring Maine, Vermont and Connecticut, and took special interest in Old North Church.

Mrs. Dyer's mother and her brother Carl Scheuremann, now out of service with the army and attending University of California at Berkeley, are occupying the Dyer apartment in San Francisco during their absence from the city.

North Tahoe Vets Will Hold Pearl Harbor Ball

KINGS BEACH— The first public affair to be sponsored by the recently organized Tahoe Post of the Veterans of Foreign Wars will be their first annual Pearl Harbor Day dance to be held at the Carpenters Hall at Kings Beach Saturday, December 7.

This was announced this week by James Frazier who is chairman of the committee in charge. Frazier is assisted by Noble Murray, Bud Tuttle, Art Bueller and Glen Kauffman.

The public is invited to participate in the affair and a good orchestra is being engaged to provide the music.

On Leave—

Jim Leamon is on terminal leave from the Army until December 20. He is employed at Truckee Mercantile Company's store.

Salmon Habits Are Studied

Three seasons ago, Kokanee (Sockeye Salmon) were first introduced at Tahoe Fish Hatchery for the purpose of stocking Donner and Echo Lakes of this area. During the process of handling these fish, new to the hatchery, a few fish escaped over the screens and through a small overflow pipe to the hatchery outlet ditch, thence via the ditch to Lake Tahoe, according to Allan Pollitt, the supervisor of Tahoe state hatcheries.

Recently, one female Kokanee, full of eggs and nearly ripe, was recovered at the entrance of the hatchery outlet to Tahoe, where she died of injury inflicted, probably, by some bird or animal. This single example would tend to show the strong homing instinct, for a fish to find this small inlet to a lake the size of Tahoe, where it originally entered the lake three years ago, Pollitt said.

Efforts of the Tahoe hatchery personnel to locate the spawning bed of the Kokanee in Donner and Echo Lakes, where they were planted in large numbers, have thus far failed and any information from anyone locating such areas would be greatly appreciated.

NIGHT BLAZE DOES MUCH DAMAGE AT HOMEWOOD HOTEL

HOMEWOOD— On Friday night at approximately 11 PM, the combination snack bar and boiler room at Homewood Hotel resort went up in flames.

Willie Arnhold, passing by in his car, noted the fire and notified Fire Patrolman Fred White of the Public Campgrounds who left at once which his pumper but found, upon arrival, that nothing could be done as the fire was too far along. Due to its isolated position near the lakeshore, no damage was done the hotel building or cottages.

Cause of the blaze was believed a defective heater left on overnight. The loss, not believed insured, was variously estimated at between $5,000 and $15,000. The owners of Homewood Hotel, the C. Don Huffs, were notified at their Woodland ranch where they spend the winter.

Robert Seibold's Sedan Stolen Out of Garage

Police today are continuing their search for the sedan which was stolen from Robert Seibold sometime Wednesday morning. The car had been placed in the private garage of the Dolley Apartment by the owner at 11 o'clock Tuesday night. Siebold took the keys out but did not lock the switch and it believed that the thief entered the garage and drove the car out without difficulty.

Local Utility Manager Back From Convention

C. Edmunds, manager of the Truckee Public Utility District, has returned after attending the convention of Public Utilities held at Riverside last week. He was accompanied on the trip by Mrs. Edmunds who is now visiting at Sacramento. Edmunds reported that matters of interest and improvement to utilities in general were discussed at the busy session.

School Ski Meets Slated At ISF Tahoe Sessions

TAHOE CITY— A turkey dinner was served at Tahoe Inn highlighted the recent Interscholastic Ski Federation meeting here November 3. A schedule for ski meets was set as the main order of business. The first meet will be at Tahoe January 11, events to include jumping, giant slalom and tight slalom; Auburn, January 25, tight slalom, jumping and cross country; Douglas County, Nev., February 8, jumping, cross country and giant slalom; Reno, March 1, giant slalom, tight slalom and jumping. Contestants must enter at least two of three events to qualify at each meet.

Reno Marriage License—

Roy Anderson, 25, and Candy Lynn Michelle, 24, both of Truckee.

Return Home—

Mr. and Mrs. A. P. Leitch returned home from Sacramento on the week end where the former underwent an operation recently.

Leave Ranch—

Mr. and Mrs. L. E. Euer have left Euer Valley to return to Folsom for the winter.

Truckee Lodge Plans to Stage Speech Contest

"Juvenile Delinquency" Is For International Competition

Summit Lodge No. 54, Knights of Pythias, at its meeting Friday night voted to participate in the international public speaking contest sponsored by the Supreme Lodge and the Imperial Palace of the Dramatic Order, Knights of Khorassan.

The contest is open to all juveniles born on or after September 1, 1928, and to all regularly enrolled students in schools of high school standing. Speeches are limited to ten minutes on the subject "Juvenile Delinquency, Its Cause and Cure."

The committee in charge in the Truckee-Tahoe area consists of Doug Barrett, F. W. Wilson and Reuben Swett. The local eliminations will be held some time prior to March 31, 1947, with finals at Beaumont, Texas, next August.

Last year, a California boy won the international contest gaining $1250 in scholarships at a school of his choice.

Snow Blankets District As Storm Continues

This region experienced the second snow storm of the season starting Wednesday. Prior to that, snow fell on Donner Summit and in the Truckee River canyon but failed to leave more than a trace here. The storm last night deposited two inches of new snow here and it was continuing to fall. The storm here is said to be the edge of one which has caused havoc in southern California.

Loehr At County Seat To Make Vote Canvass

Supervisor H. G. Loehr spent Tuesday and Wednesday at Nevada City where the board of supervisors were in session to canvass the results of two special elections held concurrently with the general election of November 5. Loehr said that while all of the various cemetery districts votes favored improvement, those in the western end of the county were close while Truckee and Soda Springs gave their district proposal almost unanimous approval.

The board will meet again November 22 to count the absentee votes and canvass the general election ballots, though none of the unofficial results will be changed by the count.

Durkee Is Replaced As District Bus Official

Announcement was made in Oakland by W. M. Wood, regional manager of Pacific Greyhound lines, of the appointment of R. E. Weed as operating superintendent with headquarters in Reno, replacing V C. Durkee, who recently resigned to enter private business. Durkee is well known in Truckee where he often visited.

Rev. Noel Porters Mourn Death of Youngest Son

Bishop and Mrs. Noel Porter of Tahoe and Sacramento are receiving the sincere condolences of their host of friends on the death of their youngest son, Richard Grenville Porter, 25, who died Sunday in the Palo Alto veterns hospital.

The deceased attended Sacramento schools and was a student at University of California when he entered the army air forces where he served for eight months.

Besides his parents, he is survived by two brothers and a sister.

Story of Oil In Movie is Lions Club Program

The interesting history and development of oil was shown in colored movie films exhibited at the meeting of the Lions Club last night. The films, entitled "Oil", produced and presented by the Coca-Cola Company, were shown by W. M. Englehart Sr., owner of the local Coca-Cola plant.

Vernon Stoll of Grass Valley was a visiting Lion. R. N. Little presided.

To Loomis—

Mr. and Mrs. W. M. Cavitt and children have left Truckee for their winter home at Loomis, after sending their cattle to winter range below.

Paces Will Buy Partners' Share In Local Store

Dolley to Confine Activity To Law Enforcement, Funeral Home

Mr. and Mrs. Anthony Pace have announced that effective January 1st they will purchase the interests of Mr. and Mrs. N. F. Dolley in the Truckee Mercantile Company store and will continue to operate the establishment themselves.

Dolley and Pace purchased the stock and business from W. F. Wilkie two years ago and have since made a number of improvements and alterations, developing one of the most modern grocery and hardware stores in the region.

Dolley said that his decision to sell his interest in the store resulted from his desire to give all of his time and efforts to his law enforcement duties and to the conduct of the Truckee Funeral Home and Ambulance Service.

At the present time he is having the former Lichtenberger home on Church Street completely remodeled into a modern funeral parlor and he expects the new ambulance, ordered several weeks ago to be delivered in the immediate future.

The Paces plan to continue operation of the store in the same manner that has won it popularity. Both are well and favorably known in Truckee where they have long resided.

1700 YULE TREES SHIPPED TO BASES IN PACIFIC AREA

Seventeen hundred of the nation's best Christmas trees, harvested on Donner Summit, have been dispatched by refrigerated boat to the various army and navy posts in the far Pacific. This was announced this week by Paul Norboe of the Mother Lode Wood Company which handled the shipment.

The trees will go to the many distant and isolated islands where there are still military posts and will also reach Japan.

Still more trees from this area may be shipped to the outlying islands and military posts later, it was indicated.

Tahoe Fire Fighters Met Friday, Henry Presides

TAHOE CITY— Members of the Tahoe City Volunteer Fire Department met last Thursday night with Chief Al Henry Jr. presiding. The regular eight man squad, covered by insurance, includes Jack Starratt, Joe and Al Henry, Howard Mahurin, William Conger, Bill Rosen, Bill Bechdolt and Basil Kehoe. Honorary members, who will attend drills and be ready to replace any regulars who drop out, are N. R. Mayfield, Stan Martin, John Burns, John Pingree, G. D. Waters, W. L. Waters, E. Sattler, A. M. Anderson, William Ryan, Harry Johanson, Douglas Smith, Jay Shontz, Robert Pomin and Fred White.

Regular drills will be held, according to Chief Henry.

Young Tahoe Couple Reveal Plan to Marry

TAHOE CITY— Coming as a surprise to many of their Tahoe friends was the recent announcement of the engagement of Miss Peg E Stuart, daughter of Mr. and Mrs. Jacob Stuart of Lake Forest, to Lincoln Dempsey, son of Cecil Dempsey of Tahoe and Mrs. John Sanchez of San Miguel.

The attractive and popular Miss Stuart has been secretly wearing a lovely diamond ring since October 17 but only close friends knew its significance.

Miss Stuart is a graduate of the Tahoe grammar and high schools and since leaving school has been employed by the Pacific Telephone and Telegraph Company at Tahoe and Truckee. Young Dempsey attended St. Vincent's high school at Vallejo and since arriving at Tahoe has been working as a plumber's helper for his uncle, Michael Korich, local plumbing contractor. No definite wedding plans are in the offing yet.

Heartiest congratulations are extended to both.

Truckee Native Passes Today In Roseville

Word was received here today by W. M. Englehart, Sr., that his niece, Mrs. Cliff Rector, 38, passed away this morning at Roseville. She is survived by her husband, an SP fireman, a son and a daughter.

Mrs. Rector, the former Estelle Pashini, was a native of Truckee and well known here by friends and relatives who mourn her untimely death.

To Sacramento—

The David L. Campbells have moved from Truckee to Sacramento.

Leaving for Pasadena—

John E. Hempel, Crystal Bay businessman, plans to go to Pasadena for the winter.

Thru' Tahoe's Backwoods In A Jeep

TAHOE CITY— Two local men had an interesting experience last week when they left Tahoe Park recently around 9:30 AM in a Jeep, followed the highway as far as the Rubicon Springs road and turned off into the mountain country. The were Gordon Moyer, son-in-law of the William Mayhews of Ward Creek Camp, and his companion, Roy Hjersman of Walnut Creek, visiting at the lake.

After traversing the road till they reached the top of Rubicon Canyon, just before going down into Rubicon Springs, they encountered a sign in the middle of, the road reading "Road Absolutely Unpassable". Such faith did they have in their Jeep, however, they got out, removed the sign and drove on after replacing the warning for the next traveler. Down into the gorge they went, and any who once made the trip, can well understand their difficulties from there on.

The roadbed each year is washed out by pelting rains and melting snow. Large boulders and a mass of sliding rock and gravel is the roadbed. In addition to this, they found fallen trees blocking their way which had to be cut out, and great yawning ruts that had to be filled in before they could progress. Armed with axes shovels, picks, sledgehammers and a couple of short planks, they and their trusty jeep proved equal to every obstacle. More cars have gone over the banks in this spot and been abandoned, in earlier days, than at any other spot around Tahoe.

The boys say it seems a shame that a crew of ten men aren't put on that grade for one day, as that would allow time enough to fix the bad spots and permit the public to view that extremely beautiful bit fo paradise.

They reached the old abandoned Rubicon Springs Hotel safely after a hectic journey, possible, they believe only in a jeep or on horseback, and continued on across the old bridge (which showed signs of recent repair) over the quiet, shadowy Rubicon River. Eventually they arrived at Wentworth Springs, from there following the old Icehouse Road to Rivertor. which was reached about three in the afternoon on Highway 50. They arrived back home at five in the evening, happy and tired, and delighted to have had such a grand scenic trip, but well satisfied to make it a "one time only" jaunt.

North Tahoe News . . .

by MADELINE GALLERANI

Mrs. W. L. English of Tahoe Vista entertained at a tea party at her home on Saturday afternoon, November 9. Among those attending were Mrs. Charles Mathews, Mrs. Carl Sorenson, Mrs. Lloyd Decker and Mrs. Fred Snow.

Mr. and Mrs. W. Rasmussen of Fairfield spent the past weekend at their home in Carnelian Bay.

Mrs. Dorothy King's birthdate is on November 9th.

Mrs. Laurence Donnally of San Francisco is at her home in Kings Beach and plans to spend a month here. Her husband will join her later.

Anne Gallerani and Mrs. T. J. Gallerani spent a few days in Sacramento where they visited the parents of the latter.

Among those enjoying a pheasant hunting trip from this area are Mr. and Mrs. Lee Campbell, Mr. and Mrs. Fred Baker, Mr. and Mrs. C. E. Mandeville, Mr. and Mrs. Warden Fields, Mr. and Mrs. Erwin Tucker.

The Box Social Supper Dance will be held on Saturday evening, November 16, at the Carpenters Hall in Kings Beach at 7 PM and not on Friday, November 15, as stated in last week's edition. The public is invited to attend.

Mrs. Gene Bien, nee Joye Jones of Crystal Bay, will return to the hospital in Reno to undergo a tonsilectomy. She had been confined in bed with a serious throat infection, this ailment has been remedied, and she is now able to go through with the minor operation.

Jim Jefferess has returned from his recent trip to New York and plans to reside in Crystal Bay.

Mr. and Mrs. J. C. Robertson of Carnelian Bay left Monday for the Bay area where they plan to spend the winter months.

Mr. and Mrs. Weatherly Kemp drove up from San Francisco over the weekend in participate in some pheasant hunting in Nevada and to visit friends at Kings Beach.

Mr. and Mrs. Byron Abbott spent a few days in Bakerfield.

On Satuday, November 9, Mrs. T. J. Gallerani was admitted in the Washoe General to undergo a major operation.

Mrs. Gene Grasso of Homewood became the mother of a baby girl on November 9. Both mother and child are reported as doing fine.

After a month's visit in North Dakota with relatives and friends, Mrs. Vincent Klantz was happy to be at home in Kings Beach.

Mr. and Mrs. Lee C. Reagan of Los Angeles spent the weekend in Kings Beach visiting her sister, Mrs. Jo Wheeler, and her brother and family, Mr. and Mrs. William Van Hooser.

Mrs. Fred Baker was Round Robin hostess on Tuesday, November 5, at her home in Tahoe Vista at a luncheon and card party. Those present were Mesdames George Taft, Erwin Tucker, Lee Campbell, John Clayson, C. E. Mandeville, Lloyd Decker, W. L. English, J. J. Mandeville, Ernest Crawford, Warden Fields and John Gallerani.

James Kirby left last week for his home town in Galveston, Texas, to do a bit of fishing, or so says Kirby.

Mrs. Sam Faulkner is scheduled to enter a Reno hospital to undergo a major operation.

Mrs. and Mrs. Eugene Dertinger spent a few days in Reno visiting with friends.

Fred and Evelyn Barton are at home after several weeks leave visiting Mexico and various southwestern states. Mrs. Barton brought back many lovely articles of clothing and household items to display in her lovely home.

Walter Pinana is in Reno visiting his parents.

Placer County Board Turns Down Request For Protection at Lake

AUBURN— If the property owners and taxpayers at Lake Tahoe desire additional police protection, they must provide it themselves, according to action (or lack of action) by the Placer County board of supervisors last week.

Following the appearance of Sheriff E. J. Kenison and Constable Harry Johanson before the board to request additional patrolmen for the lake area, the supervisors declined to act. They pointed out that if extra officers are supplied one area, others would expect the same.

The employment of a night watchman was suggested as a possible solution by a member of the board.

The request was made on behalf of Tahoe residents and taxpayers following an epidemic of looting of summer homes in the area, netting the pirates thousands of dollars worth of household furnishings and fixtures. Johanson says he believes the robberies are the work of a gang of young criminals, including a woman, which works in the early morning hours.

On Vacation Jaunt

Mr. and Mrs. C. W. Vernon of the Bittencourt Tract left on Saturday last for a motor vacation tour of Oregon and Montana. They expect to be gone for three weeks.

JOIN A FAMOUS FIGHTING DIVISION

The famous 7th Infantry Division, now guarding the peace in Korea, has opened its ranks to hand-picked, keen young men capable of meeting its high standards.

First to recapture American territory from the Japanese—heroes of the battles on Attu, Kwajalein, Leyte and Okinawa—the "Hourglass" 7th offers the right kind of man a chance to join a top outfit. A three-year enlistment for service in the Far East will enable you to pick the 7th—and to join it overseas after initial training in the U. S.

A Private starts at $90 a month (overseas pay), with plenty of opportunity for advancement. Many other advantages make this well worth discussing with your nearest U. S. Army Recruiting Station.

How 23,000 new jobs were born

To grow with the West... to build and maintain the finest possible telephone service for you... a good sized army of men and women is already at work, and more are pitching in every day. In the last five years, we have added more than 23,000 new employees—our total force is now more than 63,000.

It is our purpose to provide telephones for everyone who is waiting just as rapidly as we can and to build an ever-expanding, ever-improving service for the West. Our gross plant construction will aggregate $130,000,000 for this year and, as now visualized, it will exceed $200,000,000 for 1947. It's a big job, but you can be certain we're going ahead fast.

Today, telephone calls on the Pacific Coast have reached a record high of 17,400,000 a day, and until we can get and install all the equipment we need there will sometimes be delays in service. We want you to know we will do our utmost to keep them at a minimum and to hurry the day when service will be even better than ever before.

An ever-improving telephone service *at the least cost consistent with good wages and working conditions for our employees and a reasonable return to the thousands of people who have invested in the business.*

The Pacific Telephone and Telegraph Co.

Commercial & Spring, Truckee — Telephone Truckee 50

SUMMIT SCENE

by FRANCES COUILLARD

Even tho' we are a growing community emerging from the "wilds" as it were, we find that we still have to slip back to wilderness tactics now and then in order to survive. So we'll tell you a bear story. Roy and Jess Thompson of the Cedars work like fury all Summer for the Cedars colony is a large one and Roy and Jesse are managers, caretakes, overseers and so forth. Not until the Cedars group pack up and leave before the Winter snows set in do Jesse and Roy have a chance to relax. Then half of the time they have to come out to Soda Springs the ten miles between the highway and the Cedars, on either snow shoes or skis. Well, this Fall while they were packing and getting ready to come out for their annual Fall vacation, they were annoyed by the continued attention of a four hundred pound bruin who pestered the dog, rambled around among the cabins and made himself a general nuisance. Finally the bear, getting bolder by the minute, decided to make a social visit to Roy and Jesse so he ambles up to the front steps and Roy and Jesse frantically packing to get out of their wilderness before the snow set in, had to take time out to plug the animal. Roy shot him right thru the screen door (if you can figure out where that is). Anyway, they made it out in their car in spite of the big game season.

Al and Janie McIntyre were up this last weekend. Al went on over to Nevada to do a little shootin' but Janie stayed up here on the Mountain and fixed up the room she has rented for the Winter Season. They can hardly wait for the skiing season to commence.

Then up came Beatrice Browning and "Stew" Stone, a couple of ski enthusiasts also. Made a mistake there, should have said Mr. and Mrs. Stone, for the kids, who met up here on a skiing party, were married last Friday evening, and the guests at their meeting sounded like a ski meet. Wedding gifts included the furnishings for a five room house and a 1946 car! Good start I calls it.

Not much in the way of parties up this way except the general Saturday and Sunday night get togethers in the various cocktail lounges. Connie and Louie Euer made it up here on Armistice Day for a few hours so we know that the deer season has come to an end when they emerge from Euer Valley.

Had a celebrity up here too. William Powell (the Thin Man) dropped in on Don Fitzgerald at the Soda Springs bar. Wish we could have seen him.

Donner Summit Lodge is coming along beautifully too. Hear they are going to have "floating floors", whatever that is, a curio shop, a barber and beauty shop, a new ski room, and off sale liquor shop. Hear that their furnishings are beautiful, that all the floors will be covered with heavy pile rugs, that each room will have a radio and telephone service, and the beautiful brass fixtures for outside lighting we have seen. Look like antique carriage lamps. Can hardly wait for their opening winging. Wonder how my formal will look over long underwear?

George Fraley and John Carl went to Nevada for shootin' over the last weekend also. Ain't home yet. Hope they were not snowed in.

Wish we could report on the Donner Community Club meeting, but that will be held tonight at Donner Summit Lodge and this must go to presss so that you can read it on Thursday. Anyway, everyone says they are coming and today (November 12) Dr. Bursch of the school planning board from Sacramento is up in these here parts looking over available land sites for the proposed new school. So we will tell wou about it next week. Slim Maberry is going to show some of his excellent colored slides to the club members.

George Rudolf bought the Dr. Jones home at Soda Springs. He is enthusiastically fixing it up for the winter and is simply frantic to find a spot that he can flood for an ice skating rink. We hear that Geore is really something on the blades.

Think that is all the news we can scrape up for you this week. Will try to get around more next week.

Whispering Pines

Tahoe Lake School Column

Children of the fourth and fifth grades of Tahoe Lake Gramar School under the direction of their teacher, Mrs. Dorothy Johanson, on Friday at 1 PM will give a citizen's play titled The Bad Gremlins. The parents and public are cordially invited to attend.

Mrs. Johanson's classes are adding weekly to their Christmas fund which has now reached a total of $16. Boxes are packed at Yule time for needy children of nations overseas and in Mexico. Several donations were received from local residents this week, swelling the fund, which is being conscientiously raised by the youngsters who make their dimes and quarters in all manner of odd jobs—washing dishes, finding lost golf balls in season, etc.

Otto Fox motored to Tahoe on Monday where he gave orchestra instruction and private lessons to his pupils.

Ned Stuart, who broke two bones in his left arm just above the wrist last week during football practice on the schoolground, is again attending classes.

Harold Chastain of Auburn, superintendent of Placer Union Junior College and High School, visited Tahoe Lake School briefly on Thursday last.

Children of the Tahoe school will revert to an old time custom used in the days befor the hot lunch program started. A large steamer will be placed on the stove in the school's kitchen before lunchtime and all those wishing hot dishes may place their containers in the steamer at 11:45. By noon, their lunch will be hot.

The children of Tahoe Lake School on Saturday last spent most of the day on the Tahoe Commons where a clean-up campaign removed scattered papers, pine cones, cans, bottles and other trash. Fire Patrolman Fred D. White of Public Campgrounds lent his aid and took charge of the burning of six huge piles of debris which were collected. He also removed the unburnable objects in his truck. The project is undertaken each fall by members of the upper grades, who at this time are studying government, and who feel a responsibility for the beautiful spot on the lakeshore where they are permitted to hold picnics and beach parties. The following responded to a public invitation to help, which had been posted on the community center bulletin board: Mrs. Northie Pomin, Stella Watson, George Tiffee, Mr. Almond and Mr. Sturgis of Tahoe Park, Mrs. G. D. Waters, Theodore Schlueter, Evelyn Bliss, Basil Kehoe and White.

A short program will be given on Friday afternoon by elementary grade children of the school at 1:15 in observance of American Education and Children's Book Week. The general public is invited to attend and also are urged to visit the schools in their region to note the progress being made by the public school system of the state.

A transfer has been given Gary Miles of the fourth grade who lived in Lake Forest. He is now attending school at Auburn.

The civics class of Tahoe Lake on election day visited the local polling booth at Community hall where the intricacies of voting were explained to tehm by the Eleanor Swanson, clerk of the election board.

The primary division, tutored by Mrs. Archie Scott, enjoyed an interesting movie, The Passenger Train, last week, whom which they made charts and composed stories.

Mr. and Mrs. Herbert Watson of Tahoe City observed their 42nd wedding anniversary of Saturday, November 9th. The best wishes of the community are extended.

Latest word from PFC James D. Baker reveals he is schedulde to leave Germany for home on November 1

LAKE LEVEL

TAHOE CITY— The lake level on Monday stood at 6226.87 with 302 CSF of water leaving the gates in town. Precipitation for the week was .09 of an inch. Coldest day was on the 9th with 14 registered and warmest was on the 5th with 50 degres. Thursday morning snow on the ground measured about 1½ inches. On Monday morning snow continued to fall lightly and the barometer remained down.

Dick Hinkle has returned from the home of his sister, Mrs. George Myers of Tacoma, where he visited for several weeks and is now in San Francisco where he plans to work until the opening of the spring semester at Stanford University.

Dave Chambers was up from his southern resort, Hotal Samarkand in Santa Barabra, and states that ex-Tahoeite Captain Hans Hansen, who has been living at Half Moon Bay, would soon be employed by him at Samarkand. A special house for Hans' two dogs has been built at Samarkand.

Mr. and Mrs. William Bechdolt have returned from at two weeks vacation spent in Pasadena where they visited at the home of her father, E. J. O'Laughlin.

Mrs. Rose Boyiaredes closed her popular eatery, Honeybunch Cafe, in Tahoe City on Monday. Rose enjoyed a busy season and well deserves the winter vacation which now begins for her.

Mr. and Mrs. Robert Kennedy and daughter, Linda, formerly of Stockton, are now making their home at Sandy Beach Hotel resort where he has assumed the role of manager for George Phillips, the owner.

The store and post office at Tahoe Vista will remain open all winter.

Rex and Joyce Tollefson and younger brother, Terry, are busily engaged getting out Christmas trees these days, over 2500 to be cut for market. Joyce is driving jeep. C. A. Tollefson plans to cut between 2500 and 3000, weather permitting, and the Sterling Ralphs contemplate marketing 2500 trees, operating at the Stanford Wood Camp.

Tahoe Women's Club Plans Turkey Dinner On Saturday Evening

TAHOE CITY— Members of the Women's Club of Tahoe met in regular meeting at community center hall last Thursday, President Jean Callender presiding.

It was voted to sponsor another turkey dinner this fall on Saturday night, November 16, at 6:30 in the community hall, those planning to attend are requested to place reservations with Mrs. Vera Frazier, treasurer, at Tahoe City 332.

Mrs. Katherine Corona, connoisseur of delectable cookery, is chairman of the dinner and promises a delicious menu. Her assistants are Mesdames Irene Duffee, Beulah Carnell, Louise Geier and Vera Frazier.

Members of the club are cordially invited to attend a social afternoon at the home of Mrs. Callender (the Christianson house in Homewood) on Thursday afternoon, November 21, at 2:00 PM.

Mrs. Carnell and Mrs. Frazier were hostesses at refreshment time at the last meeting. Next regular meeting has been called for December 5.

TAHOE BRIEFS

Mr. and Mrs. Roy Stark of Dollar Estate entertained a number of friends at their lakeshore home over the past weekend. Guests from Oakland included Mr. and Mrs. Lester Hoffman and son Jerry, while the Gordon Leathers of Eureka, Eileen McNarnari of Saramento and Harold Valentine of Stockton also visited. Harold and Rome Stark and their families joined the party on Sunday evening.

Mr. and Mrs. Henry Worden of Sunnyside left for their winter home in San Leandro Wednesday. Their new home is almost complete with only a few finishing touches to be health, which was none too robust all summer, was much improved before departing.

Mr. and Mrs. Joseph Pomin and little daughter, Jo Ann, of Oakland motored up to Tahoe where they visited with E. H. Pomin at the Everett Mills estate on Saturday.

Harry Street of Brockway was fined $25 on November 5 by Justice of the Peace Evelyn Bliss for burning without a permit. Patrolman Fred White, who cited Street, said that although recent snows have lessened the fire danger, permits will still be necessary up to December 1 in this district.

Jimmie Easton was the dinner guest Sunday of the Charles Swansons.

Marie Henry Is Named Head of Ski Committee By Association Prexy

TAHOE CITY— Signal honor was paid Mrs. Marie Henry, recording secretary of Lake Tahoe Ski Club, on November 1 when President Al Sigal of California Ski Association appointed her chairman of the service committee which will screen suggestions and requests of individual clubs all over the state and will aid in organizing social functions.

Mrs. Henry's new job will entail a great deal of work as this is the first time such a committee has been set up. Four other women make up the balance of the committee.

Mrs. Henry brings to her task a wealth of valuable experience, having been an active member of the Tahoe club since its inception in 1929. She has served as secretary for many years and has been especially interested in encouragement of junior members and activities. In 1932 she won the state championship in cross country competition and in 1936 she served as a Class B judge, at that time the only woman to hold such a post.

Other Lake Tahoe club members on association committees include Carl Bechdolt Jr., jumping, and Jack Starratt, junior skiing.

Members of the club will meet on Friday, November 15, in community hall at 8 PM. It is anticipated the long-deferred membership drive will begin at this meeting.

Mrs. Vera Frazier, chairman of the dance committee, announces she has picked her committee and will promise a good time to all who attend the big event on Saturday night, November 23, in community hall. Refreshments and sandwiches will be served and prizes will be offered during the evening. The public is invited.

Icy Pavement Is Cause Of Crash At Tahoe

TAHOE CITY— Badly wrecked on Sunday afternoon about 2:45 on icy Hog Pen Hill, about 1½ miles north of here, was the sedan of George Button of Sacramento. The car was driven by Carl Joseph Kronig of Sacramento. Passengers were Mrs. Kronig and Miss Diana Button. The car collided with one driven by Leo Lund, Sacramento, who was accompanied by Mrs. Lund. Button, his daughter and Mrs. Lund were reported cut by glass and bruised. The parties returned to the capitol city by bus.

Constable Harry Johanson investigated and declared the icy pavement caused the cars to skid.

Quail Season Opens on Friday in Tahoe Area

TAHOE CITY— Quail season will open at Tahoe on November 15 and remain open until December 15. Eight quail a day can be taken, according to the law, and eight are allowed in possession, with a limit of 16 a week to a hunter. Duck season remains open until December 9. The only problem for the local hunter is to locate either quail or ducks, as neither is in evidence here. Frozen ponds and marshes have deprive ducks of feed so they appear to have flown on to sunnier climes.

Dr. Mehrman, Long-Time Tahoe Summer Resident, Passes at Bay Area Home

TAHOE CITY— Dr. H. B. Mehrman of Oakland, 82, for many years a summer resident of Timberland Tract at Tahoe, died last week in an Oakland hospital.

His 63 years of medical practice found him high in the ranks of his profession. He was former Alameda county coroner and public administrator, former national chief of the Eagles lodge. He was the oldest surviving member of the Alameda County Medical Association, a member of the Alameda County Sanity Commission and was called the "Father of the Metropolitan Oakland Eagles", having been first president of Aerie No. 7, FOE, and a charter member. He was past president of the Oakland Kiwanis, was active in the Elks, Masons, Redmen and Knights of Pythias and in medical associations.

His widow, Mrs. Anna Mehrman of Grove Street, Oakland, survives.

There's A Job Waiting For You In Japan
All Expenses Paid AND $90 Per Month

Qualified young men 18 to 34 (17 with parents' consent) may now sign up for an interesting job in the 25th Infantry Division in Japan. The 25th is famed for heroic action on Guadalcanal, New Georgia, Vella LaVella and Luzon. Its members wear two Distinguished Unit citations.

Clerks, stenographers, typists, machinists, truck drivers, plumbers, carpenters and specialists in more than a hundred other fields will find profitable extension of their trades and opportunity to learn new ones.

Living conditions are excellent. Sport, entertainment and travel opportunities are highly developed in this division's area.

High overseas pay (20% above domestic Army base pay), excellent medical and dental care, and a generous retirement plan make this opportunity too good to miss!

Young men who meet prescribed standards, and who enlist for 3 years, are entitled to designate the 25th Infantry Division at time of enlistment. Initial training given before departure from U. S. Get full details at your local U. S. Army Recruiting Station.

Tahoe Letter

From SWANEE

Tahoe City, California.
November 10th

Dear Tahoeites:

One would scarcely know today was Sunday since traffic has diminished to such a degree that it positively becoming quiet. And some of those who do come up to visit our fair shores do not show sufficient discretion to get their cars and families back home without accident. On reknowned Hog Pen Hill, about a mile and half north of town, another accident occurred today just before three o'clock when two cars, traveling at too great a speed for the slippery, icy highway, came together. One car was badly wrecked and the other received damages, and all the passengers were shaken up, with several reported injured by broken glass. Wonder why a "SLOW" sign is not installed at either approach to this tricky grade? It might save other prospective victims from grief and injury.

We Swansons were deeply saddened last week to learn of the death of one of our summer neighbors above us in Timberland. It was Dr. H. B. Mehrmann of Oakland who has summered for many seasons at their cabin on the hill. The papers gave lengthy accounts of his lodge affiliations and past notable history in the bay region, but what they did not tell was the kindly service he rendered his Timberland neighbor, Abe Leach, who was taken ill this summer and who had to return from Tahoe to his home at Walnut Creek. Dr. Mehrmann and his wife set aside all other business and went to reside at the each home, remaining in constant attendance until his good friend had taken a turn for the better and started to mend. He was a kindly neighbor, a staunch fried and notable in his profession, and Oakland and Timberland will miss him. Most sincere sympathy is extended members of his family.

Last week's mail contained cards and letters from daughter Jackie and her pal, Jeannette Franco, the two are vacationing in the desert country at Victorville. After residing at Tahoe all summer, the flat, sandy land of cactus and monkey trees seemed indeed drab and uninteresting. But as time goes by they are beginning to enjoy their new friends, the dances and exploration trips, one of which took them to Cajan Pass towering 4200 feet into the air, its crest covered with snow. A shopping trip to San Bernardino was also enjoyed last week.

Also at hand are more colorful and welcome cards from Mrs. C. O. Valentine who, with her husband and their nieces, is having a grand and glorious gypsy tour of many of the 48 states. One card mailed from Glenwood Springs, Colo., told of running into another pair of wandering Tahoeites, Mr. and Mrs. C. F. Edwards of Tahoma district, who were on their way east. Two more cards were mailed from New Mexico, one of the Sangre De Cristo Range from the top of Truchas Peaks, which tower 13,300 feet into the air. At Santa Fe she reported a snowstorm had visited the town, snow falling out of a perfectly blue sky for a full half hour, with fleecy white clouds drifting over the mountain tops, and the air not even chilly. Another card showed the tranquil Red River Valley with its red roofed ranch houses, its lazy winding stream and the green pastures where fat cattle and herds of horses graze. Autumn was at the height of its glory everywhere they turned, and they even passed through a little town named Swanee. One of their chief delights has been looking up all the famous eating places along the way where they partake of marvelous and strange menus.

Son Jimmie, too, wrote interestingly from Wiesbaden, Germany, of having discovered, quite by accident, where the rubble and debris of the bombed city is being deposited. By mistake, he hopped the wrong bus one morn on his way to the Red Cross, and since he had not seen the district through which they were passing, he remained and rode to the end of the line. About a quarter of a mile from the station hospital there is a huge, natural bowl in the ground which detracts greatly from the beauty of the region. The center hole is approximately one hundred feet deep and into this is going load after load of the debris being carted out of the city. Already a space about 100 yards long has been filled and tracks are laid on top of the pile on which dump cars run, and the layers of rubble, like steps, can be plainly seen from the road. The job of cleaning and restoration is a tedious and lengthy one and Jim believes there still remains a sufficient number of shattered homes to completely fill the town's unsightly abyss. He's sent on its way the mounted head of the big stag he shot over there, which will be only one in these parts, I'll bet a cookie, with removable antlers! Also sent is his French horn and many other souvenirs. His doting family is still praying he'll be home in time to carve the Christmas turkey.

We paid a visit to the new home of Mr. and Mrs. Charles Cross in the Fairway Tract today and found it indeed one of the most charming homes it has been our pleasure to inspect. The Crosses, weary of the strain of temporary housing, moved in bag and baggage on Saturday evening, even though the house is not completely finished as yet. The fireplace and other rock work was done by Gallerani and Baker and adds materially to the beauty of the modernistic home in the pines.

I am completing my letter on Monday morning as light snow falls and the first fringe of icicles hangs from the eaves. The barometer has remained down around four points all night and is still down, but so far only scattered flakes have fallen. We know we can expect a heavy snow any time from now on, but always fondly hope it will be deferred indefinitely.

Can report nothing definite at this time rearding the capturing of the roving gang of thieves which has been looting Tahoe homes for almost a month now. Constable Johanson of Tahoe has been sending detailed report into the office of Sheriff Kenison at Auburn and various angles are being thoroughly and competently investigated by the local officer. Kenison has expressed complete confidence in Johanson's proficiency and is keeping in touch with him. He is of the opinion there is little need of his visiting the Tahoe area as there is nothing more he could do that the local officer has not already done. On Saturday Johanson and Deputy Sheriff Charles Swanson made a trip to the south end of the lake where peace officers of El Dorado County were contacted and their offer of assistance assured. The next week or two MAY develop the formation of citizen's committee which will map plans for their own protection of this district. Learned this morning from Doug Barrett in Truckee that when Sheriff Kenison went before the Placer county board of supervisors reecntly he was advised that the Tahoe group should secure and pay their own additional officers since they did not see why they should do so. Well, Doug and I may have a new angle to spring in a week or so an idea which my fellow columnist has advocated for some time and which now seems an excellent time to promote vigorously.

Just a reminder of the coming turkey dinner being sponsored by the Women's Club of Tahoe on Saturday night, November 16, at 6:30 in Tahoe Community Center hall. Last year's event was an overwhelming success and this year Mrs. Katherine Corona of Tahoe Park, one of the grandest cooks on the lake, will have charge of the turkey roasting and pie making and the delectable dinner which will be served.

Ring off with a word of deepest gratitude to the men and women of the service in our district and the entire nation who made possible for Americans as well as other nations of the earth the peace we now enjoy. Today they laid a wreath on the grave of the Unknown Soldier, whose identity is known only to God. But we who live in the most wonderful country in the world should renew our pledge to keep the rosy promises we made our men and women as they went forth to battle, some never to return.. To my way of thinking, the runaround our veterans have been given is one of the darkest blots on our record. Not all, to be sure, but a large part still waits the fulfillment of those promises for good jobs and cozy homes for their families. Here's hoping something is done about it and soon.

Al Henry Jr. last week went to Auburn where he mounted the push plow and brought it back to Tahoe for the winter. He will also drive a rotary this winter, which has been promised for the county roads at Tahoe by Supervisor McFadden.

Snow still falls and skies grow darker as I say adios. Best wishes for the week, as ever, Swanee. fl

A Tribute to Our Chefs

"You can live without friends.
You can live without books,
But show me the man who can live without cooks."
And there are cooks and cooks—some good and some not so good Fortunately, our chefs are of that rare vintage who know what our patrons like and how to prepare it. The ever-increasing patronage we enjoy is proof that our chefs "know their onions."

Tahoe City Man to Take County Office Nov. 15th

AUBURN— The board of supervisors of Placer County have set November 15 as the date for Robert Watson of Tahoe City to assume his duties as county building inspector. Watson will conduct the office from his Lake Tahoe home but will be in Auburn once a week to issue building permits. His salary will be $250 per month with a $75 monthly road allowance.

The duties of county building inspector have been carried on by John A. Sheilds prior to the Watson appointment.

SERVICE WITH A SMILE

Meal time should be a time of relaxation Discourteous grouchy waiters or waitresses can spoil the best of meals. "Service with a smile" is just as important to us as the delicious foods properly prepared which we serve.

Come in and let us prove it.

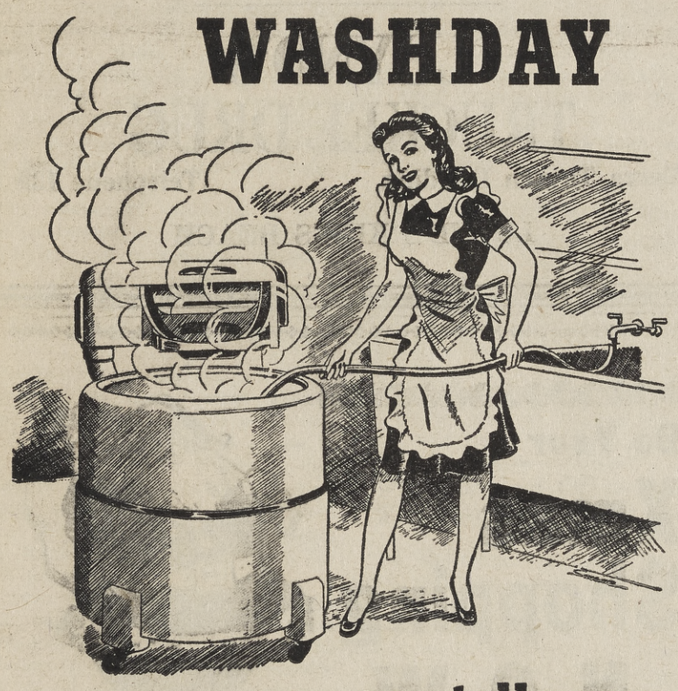
WASHDAY



can tell you a lot about your Water Heater

How does your water heater "size up" on washday? If family use of hot water in bathrooms or kitchen drains down your water heater so you must wait or do your laundry with luke-warm water, your water heater is too small.

Modern homes need a water heater with at least 30 gallons water storage capacity. • When you build a new or remodel your present home be sure to have your plumber "size up" your hot water needs according to the chart below.

How to "Size up" Hot Water Requirements

Minimum Recommendations for Normal, Average Hot Water Service.

Number Bathrooms	*Number Bedrooms*	*Storage Capacity Gallons*
1	1 or 2	30
1	3 or 4	40
2	2 or 3	40
2	4 or 5	50
3	3	50
3 or 4	4 or 5	75

Remember, too, a large size water heater costs very little more to operate. It more than pays for itself in worry-free hot water service for the whole family.

OUTDOOR Notes

By Joe Austell Small

The Flying Pichaquate

The Pichaquate is a light, green snake that inhabits the wild Yaqui Indian country of Sonora, Mexico. The venemous reptile lives in trees and sails through the air like a flying squirrel. The little snake is not equipped with wings but flattens itself out like a ribbon before sailing from one tree to another. The reptile has a hook or fang on the end of its tail resembling the stinger of a scorpion.

Yaqui Indians, when traveling through that part of their country, carry a short stick with which to ward off the snake. The Indians travel single file along the narrow paths and when a snake is sighted sailing through the air, they pass the word down the line by shouting "Pichaquate."

Sharp-Edged Proposition

As the barber finished lathering his customer's face, the hunter reached across the counter and picked up a razor.

"You want to shave yourself?" questioned the barber.

"No," said the hunter. "I just want to be ready to defend myself."

Fur, Fur Away

The seal herd is doing well in that far outpost, the Pribilof Islands. At present this famous herd numbers over 3,155,200 animals.

The herd, which has a capital value well in excess of $100,000,000, shows an average annual increase of 209,000 animals. When the Federal government took over direct management of the herd about thirty-five years ago, fewer than 120,000 animals remained following decades of slaughtering. It is believed that the herd at one time had consisted of upwards of 4,000,000 seals.

Nutty Hen

Down in Grove Hills, Alabama, a farmer decided one of his hens was nuts. He shooed her off a nest to find that she was sitting on two dozen pecans.

Bubble Fish

Fish called Labyrinth Bubble-Nest Builders construct a floating nest of bubbles in which eggs, numbering from 100 to 500, are deposited, hatched, and the young tended.

Manhunter

The Piranha is a man-eating fish native to the Amazon River. If "fisherman" is the term used for a man who catches fish, then perhaps "manfisher" would be the appropriate term used for a fish who eats man! The Piranha travels in immense schools which rend and devour any wounded man or beast in a few minutes.

Funny Place for Ears

Dr. Christian A. Wolf, internationally known physicist, a native of Denmark, states that experiments which he has made prove definitely that birds hear through their feathers, especially their tail feathers. While birds have regular ears, much of their acute sense of hearing, Dr. Wolf says comes through the auditory aid of feathers.

Angling License Sales

Angling license receipts in California went over the $1,000,000 mark in 1945 for the first time in history.

RARE RABBIT . . . Certainly capable of making a magician look twice, is this six-weeks-old-bunny, who created his own manner of locomotion. The otherwise normal rabbit raises his after end and walks perfectly on his front paws at his home in London.

The Army Ground Forces offers you A NEW LIFE OUT THERE

Look toward Korea and Japan! A thrilling new job and a new life—with interesting work, sports, entertainment and travel opportunities—can be had for the asking by qualified young men who volunteer for the 1st Cavalry, 11th Airborne, 6th, 7th, 24th or 25th Infantry Divisions.

What an opportunity . . . what a *job!* Training in one of these crack units will stand you in good stead wherever you go. Study a foreign language. Learn the fascinating details of Military Government—so vital to future peace and prosperity.

Japan's "Isles of Pines" are but a sample of the attractions of an Army career in the Far East. The Army has reopened comfortable hotels, theaters, swimming pools, tennis clubs, golf courses, ball parks. These — familiar haunts of pre-war tourists — and many *new* developments — provide a broad choice of recreation.

Not everyone can measure up to this job. Only 3-year enlistees who meet prescribed physical and mental standards can enjoy the benefits of such a job. High overseas pay, good food and lodging and a generous retirement plan make your future in the Army Ground Forces too good to miss! See your nearest Army Recruiting Officer for full details.

• Listen to: "Sound Off," "Warriors of Peace," "Voice of the Army," "Proudly We Hail," and Major Football Broadcasts on your radio.

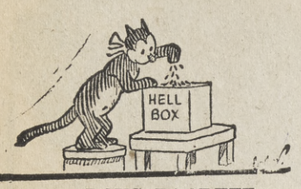
MY PLACE in the SUN



by DOUG BARRETT

Whether you like it or not, winter is upon us. This morning I kicked my own path through the freshly fallen and still falling snow. Despite the minor discomfort of cold feet, there is something satisfying about seeing Truckee's streets and roof tops under snow. An ordinary enough looking small town ordinarily, Truckee takes on a picturesque majesty upon donning its winter coat. It really covers a multitude. Speaking of winter, Truckee's home-town merchants are beginning to forcibly remind us that the Christmas season is fast approaching. During the course of a week, I have had occasion to visit most of the local stores. Their offerings for Christmas gift shoppers this year are really something to see—and patronize. From Loynd's Truckee Drug, down Commercial Row, and around the corner to the Bargain Spot, local shoppers (and out of town ones too) can find ample selections for their shopping needs. From ties and hankies at Cabona's to silverware and jewelry at Ackerson's, Truckee merchants offer you an opportunity to TRADE AT HOME AND SAVE this Christmas season.

AROUND TOWN: In case any of you wonder about how Norma Hansen replaced Norma Hansen on the election board in last week's column, it should have been Edith Fay in the former spot....The new SP time table on the depot bulletin board....Freight Agent Steve Aplin with a handful of papers....Rufe and Vivian Gregory all alone at the Sportland watching the snow fall....Bob Seibold using the lumber yard pickup for transportation....Leo Cardinal likewise using a substitute for the utility district's service truck....The sign on the windshield offering Hes Cardinal's new '46 auto for sale at "$150, 10% Down and Easy Terms" is not to be taken seriously....Peanie Loynd trying to sell Roy Feathers some new magazines for his barber shop waiting line....Frank Kinne's Palace Barber Shop and Ernie DeLisle's Goodfellows Cafe both closed for vacations....Vern Stoll of Grass Valley getting his chains put on....and Sheriff-elect Dick Hoskins leaving early Wednesday to beat the new storm back over the mountain.

Car is Wrecked—

E. A. DeLisle escaped injury when the car he was driving skidded on icy pavement near Floriston and was wrecked this week.

Henry Guests—

Guests at the A. M. Henry home at Tahoe Friday were Mrs. Mary Planett and son Fred of Verdi and their week end houseuests, the Misses Frances and Bernice Grayson of San Francisco. Mrs. Pat Griswold writes her folks, the Henrys, that she will be spending the month of January at Tahoe visiting them.

Return to Idaho—

Mrs. Lavon Joseph and daughter Vicky have returned to their Idaho home after spending the summer with Richard Joseph, Mrs. Roxie Archie and Mrs. James McIver.

On Trip—

Maurice Pollock is in San Diego following a trip through southwestern Arizona. He has visited Bill Bailey, also a former resident, who sends along his regards to Truckee friends.

At Palm Springs—

Mr. and Mrs. George Kehlet of Meeks Bay Resort plan to spend the winter at Palm Springs.

Ill at Home—

Mrs. Thomas Sheehan was reported ill with influenza at her home this week.

Back from Vacation—

Game Warden and Mrs. Bill LaMarr have returned after spending a vacation in southern California with the latter's relatives.

Meeks Bay Couple Moves—

Mr. and Mrs. William Paquet, summer residents of Meeks Bay, have recently moved from Palm Springs to Banning.

Has New Ford—

Heslin Cardinal is the possessor of a new Ford sedan.

Nevada Football Squad Boasts All-Americans

RENO— No less than five players who have received All-American rating are in the University of Nevada 1946 football lineup.

They are topped by Bob "Buster" McClure, who for the past two seasons has averaged third string rating on All-American squads. He is a 220-pound right tackle. Max Dodge, 240-pound right end, was ranked in the eighth roup of ends in the UP All-American poll last season and Lloyd Rude, 199-pound fullback was given honorable mention.

Bob "Cyclone" Sullivan, 220, center, was on the Little All-American squad at Union U. before the war and halfback, Bill Bass, formerly of Kentucky State, was captain of the Negro All-American first string.

WOMEN WORKERS

There is no real mystery about the holes in macaroni, which is formed into tubes by pressing through a die in specially designed machines.

O'Dea Pleads Not Guilty On Federal Court Count

Thomas J. O'Dea, who was a candidate for sheriff at the Nevada County primary election, has entered a plea of not guilty to charge of impersonating a federal officer to obtain federal property in Yuba County. The trial date is to be set later.

In South—

The Fred Kilners have left Tahoe for Laguna Beach where they will spend the winter months.

To Nebraska—

Mrs. Mary Sheldon left last week to visit a daughter at Omaha, Nebr.

Goes to Roseville—

Mr. and Mrs. N. S. McCrary left this morning for Roseville where they will visit for a few days.

MACARONI'S HOLES

Before the war nine women were registered among every 100 American workers. Today the percentage is estimated at 13 in every 100.
